## Professional Growth Plan

As a result of the evaluation process, teachers and evaluators should focus on accelerating and continuing teacher growth through professional development. Professional development should be individualized to the needs of the teacher and specifically relate to his/her areas of refinement as identified in the teacher's evaluation. The evaluator should recommend professional development opportunities and support the teacher by providing resources (e.g. time, financial). For the 2013 – 2014 school year, the goals will be identified using teacher self-reflection.
